

**Clean Earth Solutions** is an environmental firm focusing on the education, prevention and remediation of various types of contamination. The scope of services offered by **Clean Earth Solutions** fall under two major headings. These headings are “Products” and “Services”. Under each individual heading are specific areas of expertise that provide our customers with comprehensive programs to prevent, identify, and eliminate contamination liabilities and responsibilities. At **Clean Earth Solutions**, we begin each project analytically, work through it diligently, and finish it to our own high standards, as well as our clients complete satisfaction.

# PRECISION LINE LEAK TESTING

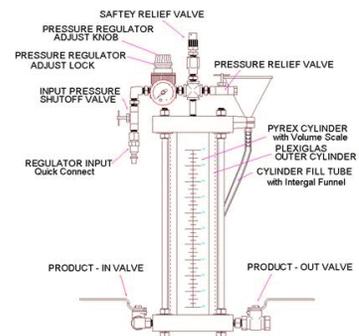

**Clean Earth Solutions** offers PRECISION LINE LEAK TESTING using the Acu-Rite Pipe Line Leak detection system and the PETRO-TITE Precision Line Tester. As with all of the services offered by **Clean Earth Solutions**, PRECISION LINE LEAK TESTING is conducted “in house”, by our own certified technicians. These technicians and testing equipment are strategically located across Texas, Oklahoma, Arkansas and Louisiana ! Other states and areas are equally served by **Clean Earth Solutions**, with response times as little as 24 hours ! **Clean Earth Solutions** is capable of testing from 1 to 3 lines at one time. With almost 100 years of combined precision testing experience and well over 100 years of fueling, piping and submersible pump experience, **Clean Earth Solutions** provides unequalled service and knowledge, delivering accurate and timely testing data.

### Support and “Other” Precision Testing Services Offered.

- ⊕ Precision Tank and Ullage testing utilizing the USTest 2001 Test equipment
- ⊕ Precision Leak Detector Testing utilizing the TSC 1000 Testing System
- ⊕ Helium Leak Detection Equipment to Pin Point Leaks

Contact **Clean Earth Solutions** for answers to all of your testing concerns. Whether for an SIR verification, line repair or periodic regulatory testing, you can count on **Clean Earth Solutions** to deliver !
